

### Main

|                                       |                                                |
|---------------------------------------|------------------------------------------------|
| Range of product                      | Telemecanique Safety light curtains XUSL       |
| Product or component type             | Safety light curtains segments receiver type 4 |
| Device short name                     | XUSLDS                                         |
| Product compatibility                 | XUSLDM                                         |
| Product specific application          | For hand protection                            |
| Minimum object diameter for detection | 30 mm                                          |
| Height protected                      | 880 mm                                         |
| Number of beams                       | 44                                             |

### Complementary

|                           |                                                                   |
|---------------------------|-------------------------------------------------------------------|
| Detection system          | Transmitter-receiver system                                       |
| Response time             | 23 ms four segments<br>23 ms three segments<br>23 ms two segments |
| [Us] rated supply voltage | 24 V DC (+/- 20 %)against reverse polarity                        |
| Electrical connection     | Flying lead with 1 female connector M12, 4 pins                   |

### Packing Units

|                              |     |
|------------------------------|-----|
| Unit Type of Package 1       | PCE |
| Number of Units in Package 1 | 1   |

### Contractual warranty

|          |           |
|----------|-----------|
| Warranty | 18 months |
|----------|-----------|
