

## Main

|                   |       |
|-------------------|-------|
| Device short name | XUSLT |
|-------------------|-------|

## Complementary

|                           |  |
|---------------------------|--|
| [Sd] sensing range        | 0.3...19.8 m   |
| [Us] rated supply voltage | 24 V   |
| Discrete output number    | 1 for NPN/PNP  |
| Enclosure material        | polyester powder painted aluminium                             |
| Height protected          | 2098.04 mm   |
| Kit composition           | 2 test rod<br>2 bracket<br>Hardware<br>technical documentation |
| Number of beams           | 96   |
| Number of safety circuits | 2 for solid state (PNP transistor)                             |
| Protection type           | Fingersafe   |
| Response time             | 35 ms  |
| Size                      | Sensor: 30 mm  |

## Environment

|                                       |             |
|---------------------------------------|-------------|
| Ambient air temperature for operation | 32...131 °F |
| IP degree of protection               | IP65        |

## Packing Units

|                              |     |
|------------------------------|-----|
| Unit Type of Package 1       | PCE |
| Number of Units in Package 1 | 1   |
